STAS cliprail manual

Eindhoven - The Netherlands

www.stasgroup.com

: www.stasgroup.com + YouTube

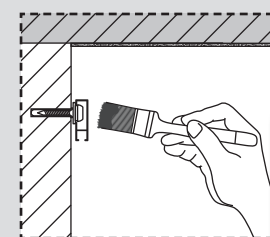

Stas Hanging Rails can be painted, either before installation or in situ. If White, lightly abrade the surface with a Plastic Abrasive Pad, such as LION 1949, and then de-grease. If Silver, just de-grease.

Before painting, push thick string into the slot for hangers. When the paint is still soft, carefully pull the string out. This ensures minimal paint gathers in the slot.
