

Aluminium frames for art of all kinds continue to be very popular. The strength and style of aluminium allows for contemporary and unobtrusive framing in all sizes.

Each of the wide LION range of high-quality aluminium frame mouldings is available in a choice of durable finishes. These can include anodising, painting and wrapping.

All use double-plate corner hardware of which LION offers an extensive range.

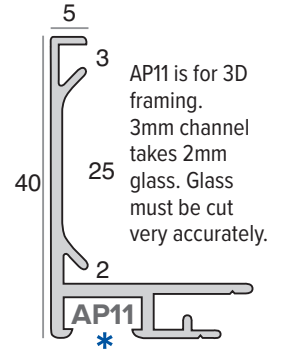

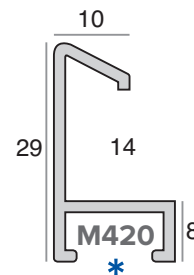

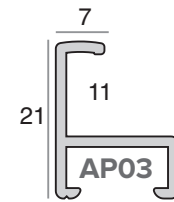

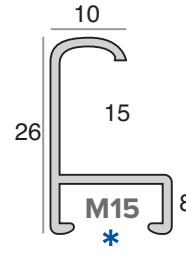

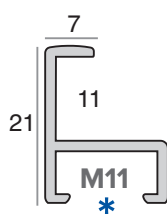

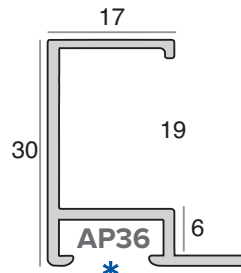

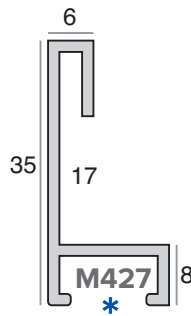

LION aluminium mouldings are available on Chop Service, where we supply the frame pieces precision mitred to your size ready to assemble.

Source the glazing, mount and backing board locally and assemble with a screwdriver. The mouldings are all also available in length.

Check the finishes available on each moulding profile and best prices at: lionpic.co.uk
