

# Morso EH Electro Hydraulic Mitre Guillotine

SCAN ME

Quiet, dust free, compact, powered mitre cutting **3415**

## Two Very Sharp Blades

Leave the mitre cut faces perfectly smooth and ready to join. No dust or noise

## Automatic Head Advancement

Reduces fatigue compared to Morso F

## Acrylic Blade & Finger Guards

Actuated by dual switches ensuring hands are safely clear of the blades

## Powerful Hydraulic Automatic Cutting Cycle

Faster, more consistent, less fatigue vs Morso F

## Hydraulically Operated Moulding Clamps & Rebate Supports

Keep the moulding firmly in place during the cutting cycle

## Measuring Scale System

Includes Second Stop for easy repeat cutting

## Waste Chute (not seen)

Offcuts slide down for collection

## Compact

Small footprint vs a mitre saw

## Very Quiet Operation

Around 70db

## Electro-Hydraulic Power System

Requires no air supply and operates on a standard 230v power supply
